Make sure that the printer is turned on, and gently open the paper output tray. Lift the scanning unit cover and hold it open with the support (A). The print head will move to the replacement position. Push the tab (B) and lift the ink tank to remove it. Be careful not to touch the print head lock lever (C).

I use non canon ink all the time, its not an ink problem. Try the following: Turn off printer. Disconnect from AC. Press OK button on printer 5 times. Reconnect AC. Turn on printer. If this does not work. Try several more times. If it still does not work. Try again but do not turn on printer until next morning. This has worked for me twice so
