The terms attachment disorder, attachment problems, and attachment therapy, although increasingly used, have no clear, specific, or consensus definitions.However, the terms and therapies often are applied to children who are maltreated, particularly those in the foster care, kinship care, or adoption systems, and related populations such as children adopted internationally from orphanages.

Reactive attachment disorder - Wikipedia

Child behavior during evacuation differs from that of adults in movement patterns, speed of gait, preparation time and need for physical and verbal help. In three of the BUS-evaluated preschools we saw that when it comes to systematic work for fire protection, the technical aspects are in focus and some anxiety was registered about conducting ...
