Fundamental aspects of viral pathogenesis Viral pathogenesis involves several steps that must occur for the virus to infect and cause disease in the host: virus entry into the host, primary virus replication, virus spread within the host, infection of cells with special affinities for the virus (cell tropism), cellular injury, host immune response, viral clearance or persistence, and viral shedding and transmission.

Fields Fundamental Virology (and the more in-depth two volume Virology) provides an essential reference for anyone who works with viruses or needs to learn about them. It compiles the most up-to-date information and understanding written by experts.

Fundamental Virology book by Bernard N. Fields

A new class is starting at virology blog: Virology 101. I began this blog in 2004, to give back what I've learned from studying viruses for 30+ years. I've written many posts on basic virology, but they tend to disappear with time. To remedy this problem, I've collected all these posts with links back to

Fundamental Virology: Glossary of Virology (+) sense RNA (plus-sense RNA): a virus with a single-stranded RNA genome of the same polarity ("sense") as mRNA. (-) sense RNA (minus-sense RNA): A virus with a single stranded RNA genome of the opposite polarity ("sense") as mRNA. Abortive infection: When a virus infects a cell (or host), but cannot complete the full replication cycle.

Viruses consist of a nucleic acid (either DNA or RNA) associated with proteins encoded by the nucleic acid. The virus may also have a lipid bilayer membrane (or envelope) but this is acquired from the host cell, usually by budding through a host cell membrane.

Search Tips. Phrase Searching You can use double quotes to search for a series of words in a particular order. For example, "World war II" (with quotes) will give more precise results than World war II (without quotes). Wildcard Searching If you want to search for multiple variations of a word, you can substitute a special symbol (called a "wildcard") for one or more letters.
