The Ape and the Sushi Master is a popular science book by Frans de Waal. It is an overview of animal behavior and psychology, with emphasis on primates . It pays special emphasis on the anthropomorphological traits of primates of several different species. It also includes a short history of anthropomorphology and some of the field's pioneers.

The Ape and the Sushi Master - Wikipedia

In The Ape and the Sushi Master, eminent primatologist Frans de Waal corrects our arrogant assumption that humans are the only creatures to have made the leap from the natural to the cultural domain. The book's title derives from an analogy de Waal draws between the way behavior is transmitted in ape society and the way sushi-making skills are passed down from sushi master to apprentice.
