The Twilight Of Atheism Rise

The remarkable rise and subsequent decline of atheism is framed by two pivotal events, separated by precisely two hundred years: the fall of the Bastille in 1789 and that of the Berlin Wall in 1989. Two brutal physical structures, each of which served as a symbol of a worldview, were destroyed, to popular acclaim.

Book Notes - David Mays

In the Twilight of Atheism, Alister McGrath gives readers a historical overview of atheism that includes its strengths and its flaws. His analysis is both insightful and honest without disrespect to the many great minds that believe in a godless universe. McGrath, as a Reformation scholar, even suggests, by drawing together a number of scholarly studies on the origins and development of Protestantism, that there is a significant link between the Reformation and the emergence of atheism.
